## Our Company

Changing the world through digital experiences is what Adobe's all about. We give everyone—from emerging artists to global brands— everything they need to design and deliver exceptional digital experiences. We're passionate about empowering people to create beautiful and powerful images, videos, and apps, and transform how companies interact with customers across every screen.

We're on a mission to hire the very best and are committed to creating exceptional employee experiences where everyone is respected and has access to equal opportunity. We realize that new ideas can come from everywhere in the organization, and we know the next big idea could be yours.

Engineering internships for Summer of 2026 are now open across all product engineering teams at Adobe!

## Adobe's Digital Media Business Unit

Adobe's Digital Media Business Unit focuses on advancing state of the art content and driving digital transformation of industries. It provides tools and services that enable individuals, small businesses, and enterprises to create, publish, promote, manage and monetize their content anywhere through the Adobe Creative Cloud and Document Cloud.

## Adobe's Digital Experience Business Unit

Adobe's Digital Experience Business Unit provides solutions that empower businesses to make, manage, measure and monetize online, offline and multichannel business initiatives.

## Adobe Document Services

Adobe Document Services is the epicenter of some of Adobe's greatest brands and is singularly focused on one goal: to continue revolutionizing the way businesses and people communicate with documents.

## Cloud Operations

Cloud Operations is responsible for ensuring Adobe's cloud platform, products and ecosystems are reliable, scalable and secure. From core infrastructure to enabling "As-a-Service" capabilities, our dedicated team of architects, software engineers, program managers and cloud administrators ensure that Adobe's customers are delighted by their experience with our products.

## Cloud Technology

The Cloud Technology group builds platform and client services that are foundational building blocks for many other Adobe products and services. Areas of focus include: identity, security, cloud storage, e-

commerce, workflow management, synchronization, customer facing web apps, scalability, infrastructure management and search, just to name a few.

As a product intern, you will indulge in doing a feature/technology development from concept to implementation using state of art technology under the guidance of an Adobe mentor and other team members in a fun-filled environment.

## What you will do

- Do research on a given feature or workflow or problem statement, discuss it with other group members, define it as a "goal" for the internship and get it validated from your mentor.
- Get a good understanding of the platform the problem needs to be solved for (e.g. iOS, Android, Service on AWS/Azure etc) to be able to provide a good implementation.
- Generate an implementation based on a robust design.
- Showcase the implementation to your mentor and the Group Head.
- Identify relevant IPs created in the process (patents)

## What you will need

- Penultimate year B.Tech/ M.tech student, graduating in year 2027
- Strong communication and interpersonal skills
- Passion for technology and research
- Available to do a full-time internship for 10 weeks starting May 2026

## What you will gain

- Mentoring and guidance from an experienced Adobe employee
- Opportunities to be creative, be a leader and be focused
- Wellbeing resources
- Professional learning and development
- A market competitive stipend at INR 1,10,000 per month
- Relocation bonus of INR 1,50,000 - lump-sum payment along with first month stipend
